SUMMARY

Results-driven **Backend Developer** with hands-on experience in building **secure, scalable, and production-ready applications** using **PHP, CodeIgniter, and Laravel**. Strong expertise in **MySQL, SQL, and MVC architecture**. Proven experience working on **government and enterprise-level projects**, developing robust admin panels and CMS modules. Possess a solid foundation in **Data Structures and Algorithms (DSA)** with a focus on writing clean and optimized code.

EXPERIENCE

Backend Developer (PHP / CodeIgniter 4)

Vibes Communication Pvt. Ltd

📅 Aug 2025 – Present 📍 Noida, Uttar Pradesh

- Developed **CMS-style CRUD modules** using **CodeIgniter 4** following MVC architecture and best backend practices.
- Contributed to backend development for the **PM MITRA Government Project**, building secure and scalable modules.
- Designed and maintained **admin panels**, implemented validations, and handled complex **database operations**.
- Wrote and optimized **complex SQL queries, joins, and indexing** to improve performance and reporting.
- Implemented **AJAX-based dynamic modules**, server-side validation, and end-to-end CRUD workflows.

PROJECTS

Peters Surgical – CRM & Business Management System

PHP, CodeIgniter 4, MySQL, CSV Processing, RBAC, AJAX

- Built a **CRM and business management system** to manage large-scale product and customer data.
- Implemented **secure authentication and role-based access control** for internal users.
- Developed **bulk CSV upload with validation** to handle high-volume data efficiently.
- Designed optimized **MySQL queries and database structure** for large datasets.
- Created **CMS-style CRUD modules** for products, customers, and business records.
- Improved **data security, performance, and backend scalability** for production usage.

Arif Castles – Hotel Website & CMS

PHP, CodeIgniter 4, MySQL, Admin Panel, AJAX

- Developed a **dynamic hotel website and CMS** for content and service management.
- Built a **secure admin panel** to manage rooms, bookings, gallery, and website content.
- Implemented **full CRUD modules and server-side validation**.
- Designed backend APIs and **scalable database architecture**.
- Optimized **performance and reliability** of backend operations.

EDUCATION

Bachelor of Technology (B.Tech)

AKTU University

📅 Aug 2021 – 2025 📍 Uttar Pradesh, India

Intermediate

ABIC, Banda

📅 2019 – 2020 📍 Uttar Pradesh, India

High School

RPIC, Banda

📅 2017 – 2018 📍 Uttar Pradesh, India

SKILLS

PHP CodeIgniter 4
MVC Architecture
Role-Based Access Control (RBAC)
MySQL SQL
HTML CSS JavaScript jQuery
AJAX

TOOLS

VS Code XAMPP
MySQL Workbench phpMyAdmin
Chrome DevTools

HOBBIES

- Learning new backend technologies and exploring system design pattern
- Problem solving and basic Data Structures practice
- Reading tech blogs and staying updated with new tools
- Travelling and exploring new places
